- Designer Series Paper E: OPTIONAL – this can be DSP or Basic White: $2\frac{1}{4} \times 3\frac{1}{4}$

Instructions:

- On the $10\frac{1}{2}$ inch side of the card base, score at $1\frac{3}{4}$, $3\frac{1}{2}$, 7, $8\frac{3}{4}$ and on the $5\frac{1}{2}$ side of the card base, cut at $1\frac{1}{2}$ and 4 between the first score line ($1\frac{3}{4}$ mark) and the last score line ($8\frac{3}{4}$ mark). Diagram here for clarification. Fold the card base score lines accordion style and fold the inside piece score lines in the opposite directions according to the photo.

- Stamp your greeting and flowers on the Basic White rectangle (Piece E) & adhere to the center of the card.
- The Designer Series Paper pieces can all be the same or can be up to 4 different designs. Pay attention to the orientation of the pattern and location on the card when you cut the DSP so you don't end up with some facing up and some facing down. Attach the DSP pieces according to the diagram here.

- Stamp the sentiment and flowers on the scrap piece of Basic White and cut out with the Tasteful Labels Die. Cut a piece of Polished Pink using another Tasteful Labels die and attach them together with dimensionals.
- Attach the sentiments to the front of the card with dimensionals.
- Attach a Bumblebee Trinket to the front sentiment with a glue dot.
