- Cut the Fresh Freesia rectangle using the Stitched So Sweetly scalloped rectangle. Then dry emboss it with the snowflake folder from the Wintry 3D embossing folder set. Attach that to the front of the card using Dimensionals
- Using the Penguin Builder Punch cut out a penguin from the Designer Series Paper. Make a small snip up this right arm to allow for the banner. Attach the penguin to the Fresh Freesia cardstock with dimensionals.
- Stamp the sentiment on the small strip of Basic White cardstock. Snip the ends of the cardstock using the penguin punch as shown in the photo on the right. Then attach that strip to the card using dimensionals. Make sure to tuck the sentiment under the penguin's arm.
- Attach the Basic White insert to the center of the card.
