Supplies:

- Stamps: Driving By #158099
- Ink: Memento Black #132708
- Paper: Bumblebee #153077, Basic White #159276
- Designer Paper: Simply Marbleous #158128
- Tools & Accessories: Paper Trimmer #152392, Stampin' Seal + #149699, Stampin' Dimensionals #104430, Multipurpose Liquid Glue #110755, Shimmery Crystal Effects #150892, The following Stampin' Blends: Dark Real Red #154899, Light Daffodil Delight #154883, Dark & Light Smoky Slate #154904, Light Crumb Cake #154882, Paper Snips #103579

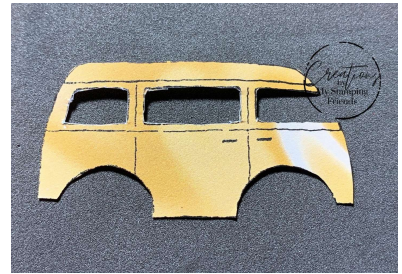

Measurements:

- Card Base: Bumblebee 8 ½ x 5 ½, scored at 4 ¼
- Cardstock #2: Basic White 5 ¼ x 4, 2 ¼ x 2 ¾
- Cardstock #3: Bumblebee 3 x 2 ½, 4 x 1 for inside
- Designer Series Paper: Bumblebee 5 ¼ x 4 for front, 4 x ¾ for inside, 2 ¼ x 1 ¼ or basically whatever is left of the piece of 6 x 6 DSP you chose to use so you can stamp the Volkswagen bus for cutting out.

Instructions:

- With the long side of the 2 ¾ x 2 ¼ Basic White piece along the top, stamp the Volkswagen bus towards the top of the piece and stamp the sentiment towards the bottom. Color the bus tires, headlight, brake light, exhaust pipe, bumpers and shadow under the bus using the Stampin' Blends.

- Use the Shimmery Crystal Effects to fill in the windows and bumpers and set that aside to dry.
- Stamp the Volkswagen bus on the piece of DSP and cut out the colored part of the bus, making sure to also cut out the window areas using your snips.
- Attach the 5 ¼ x 4 piece of designer series paper to the front of the card base using Seal+
- Attach the 4 x ¾ piece of designer series paper to the 4 x 1 piece of Bumblebee making sure the visible pattern is the same as on the front of the card base and attach that 4 x 1 piece of Bumblebee towards the left side of the 5 ¼ x 4 piece of Basic White for the inside of the card.

- When the Shimmery Crystal Effects is dry, adhere your cutout of the Volkswagen Bus to the front of the image you stamped using the Multipurpose Liquid Glue.
- Adhere that piece of Basic White to the Bumblebee layer and then attach that whole layer to the card front using dimensionals.
